

Complex Geometry, Dynamical Systems and Foliation Theory

**An Afternoon of Activities on
Wednesday, 17 May 2017**

2.30pm - 3.20pm

Colloquium Lecture

Duong Hong Phong, Columbia University

Supersymmetric string vacua and complex geometry

3.50pm - 4.40pm

Young Mathematician Lecture

Chin-Yu Hsiao, Academia Sinica

G-invariant Szegő kernel asymptotics and CR reduction

*Both events are held @ Department of Mathematics, NUS
Seminar Room 1, Block S17, Level 4
10, Lower Kent Ridge Road, Singapore 119076*
