

The Department of Mathematics and the Institute for Mathematical Sciences at the National University of Singapore (NUS) invite applications for the position of Peng Tsu Ann Assistant Professorship (non-tenure track) beginning in August 2019. We seek promising young scholars (fresh or recent PhD's) whose research programmes synergize with research thrusts of our senior faculty members.

The position is for a two-year duration with the possibility of a one-year renewal, and it comes with subsidized university housing. The teaching load of this appointment is especially light.

NUS is a leading global university centred in Asia. The Department of Mathematics has about 60 faculty members and teaching staff whose expertise cover major areas of contemporary mathematical research.
