

Iain JOHNSTONE

Marjorie Mhoon Fair Professor
Departments of Statistics and Biomedical Data Sciences
Stanford University

Past appointments:

Chair, Department of Statistics, Stanford University, 1994-1997
Senior Associate Dean for Natural Sciences, Stanford University, 2003-2005

Education:

Ph.D., Cornell University, 1981

Research interests:

Statistics: high dimensional data, random matrix methods, decision theory, wavelet methods

Service:

President, Institute of Mathematical Statistics (USA), 2001-2002
NSF Mathematical and Physical Sciences Directorate Advisory Committee, Chair 2008-2010, Member
2006-2008
NRC Committee on Applied and Theoretical Statistics, 2012-2014
Governance Board, Mathematical Research Institute MATRIX@Melbourne, 2015-present

Honors and awards:

Elected member, American Academy of Arts and Sciences, 2003
Elected member, National Academy of Sciences, 2005
Section Lecture, International Congress of Mathematicians, 1998, Berlin
Plenary Lecture, International Congress of Mathematicians, 2006, Madrid
Royal Statistical Society Guy Medal in Silver, 2010
Guggenheim Fellow, 1997-1998
COPSS Presidents' Award, 1995
