

Conference on Complex Analysis and Geometry

Image by monicore from Pixabay

16–20 August 2021

Speakers

Fabrizio Bianchi, University of Lille, France
Judith Brinkschulte, University of Leipzig, Germany
Hoang-Son Do, Vietnam Academy of Science and Technology, Vietnam
Peter Ebenfelt, University of California San Diego, USA
Teng Fei, Rutgers University - Newark, USA
Hendrik Herrmann, Bergische Universität Wuppertal, Germany
Chin-Yu Hsiao, Institute of Mathematics, Academia Sinica, Taiwan
Xiaojun Huang, Rutgers University, USA
Jun-Muk Hwang, Institute for Basic Science, Korea
Eiji Inoue, RIKEN, Japan
Lucas Kaufmann, Institute for Basic Science, Korea
Sung Yeon Kim, Institute for Basic Science, Korea
Qifeng Li, Institute for Basic Science, Korea
Kefeng Liu, University of California, Los Angeles, USA
George Marinescu, University of Cologne, Germany
Nordine Mir, Texas A&M University, Qatar
Nguyen Viet-Anh, University of Lille, France
Nguyen Ngoc-Cuong, KAIST, Korea
Keiji Oguiso, The University of Tokyo, Japan
Yūsuke Okuyama, Kyoto Institute of Technology, Japan
Luca Rizzi, The University of Tokyo, Japan
Min Ru, University of Houston, USA
Nikhil Savale, University of Cologne, Germany
Laurent Stolovitch, Université Côte d'Azur, France
Ben Weinkove, Northwestern University, USA
Song-Yan Xie, Academy of Mathematics and Systems Science, China
Xiangyu Zhou, Academy of Mathematics and Systems Science, China

Organizing Committee

Tien Cuong Dinh (National University of Singapore)
Fei Han (National University of Singapore)
Xiaonan Ma (Université Paris Diderot - Paris 7)
Mathai Varghese (University of Adelaide)

Contact information

Institute for Mathematical Sciences
National University of Singapore
3 Prince George's Park Singapore 118402
