

Modelling and Numerical Simulation of Non-Equilibrium Processes Part 2

24–28 January 2022

Workshop speakers

Walter Boscheri (University of Ferrara, Italy)

Stéphane Brull (Université de Bordeaux, France)

Nicolas Crouseilles (National Institute for Research in Digital Science and Technology (INRIA), France)

Martin Frank (Karlsruhe Institute of Technology, Germany)

Chang Liu (Institute of Applied Physics and Computational Mathematics, China)

Raphaël Loubère (Université de Bordeaux, France)

Ryan McClarren (University of Notre Dame, USA)

Luc Mieussens (Université de Bordeaux, France)

Zhichao Peng (Michigan State University, USA)

Teddy Pichard (École Polytechnique, France)

Kunlun Qi (The Chinese University of Hong Kong, China)

Jingmei Qiu (University of Delaware, USA)

Thomas Rey (Université de Lille, France)

Manuel Torrilhon (RWTH Aachen University, Germany)

Lei Wu (Southern University of Science and Technology, China)

Online event

Registration required
