

Algorithms and Foundations for Data Science (30 May–10 June 2022)

Speakers

- Sepehr Assadi (Rutgers University, USA)
- Ainesh Bakshi (Carnegie Mellon University, USA)
- Petros Drineas (Purdue University, USA)
- Dan Feldman (MIT, USA and University of Haifa, Israel)
- Anna Gilbert (Yale University, USA)
- Mohammad Taghi Hajiaghayi (University of Maryland, USA)
- Rajesh Jayaram (Google, USA)
- Shaofeng Jiang (Peking University, China)
- Michael Kapralov (EPFL, Switzerland)
- Rasmus Kyng (ETH Zurich, Switzerland)
- Yi Li (Nanyang Technological University, Singapore)
- Mike Mahoney (University of California, Berkeley, USA)
- Andrew Mcgregor (University of Massachusetts Amherst, USA)
- Cameron Musco (University of Massachusetts Amherst, USA)
- Christopher Musco (New York University, USA)
- Jelani Nelson (University of California, Berkeley, USA)
- Huy Le Nguyen (Northeastern University, USA)
- Rasmus Pagh (University of Copenhagen, Denmark)
- Ely Porat (Bar-Ilan University, Israel)
- Eric Price (University of Texas at Austin, USA)
- Chris Schwiegelshohn (Aarhus University, Denmark)
- David P. Woodruff (Carnegie Mellon University, USA)
- Qin Zhang (Indiana University Bloomington, USA)
- Samson Zhou (Carnegie Mellon University, USA)

Co-chairs

- Yi Li (Nanyang Technological University, Singapore)
- David P. Woodruff (Carnegie Mellon University, USA)
