

## Relative Langlands Program (29 Dec 2025–16 Jan 2026)

### List of Other Participants

| Name                          | Affiliation                                           |
|-------------------------------|-------------------------------------------------------|
| Ryan Choon Hoh Ang            | Xiamen University Malaysia, Malaysia                  |
| Anne-Marie Aubert             | CNRS, France                                          |
| Paul Boisseau                 | Aix-Marseille Université, France                      |
| Alexis Bouthier               | Sorbonne University Paris, France                     |
| Antonio Cauchi                | University College Dublin, Ireland                    |
| Rui Chen                      | Zhejiang University, China                            |
| Rui Chen                      | Johns Hopkins University , USA                        |
| Shih-Yu Chen                  | National Tsing Hua University, Hsinchu                |
| Brian Yao Cheng               | Tamkang University, Taipei                            |
| Clarence Chew                 | National University of Singapore, Singapore           |
| Jing Quan Chong               | National University of Singapore, Singapore           |
| Boon Wei Chow                 | National University of Singapore, Singapore           |
| Juliette Coutens              | Aix-Marseille university, France                      |
| Douglas Davis                 | University of Melbourne, Australia                    |
| Irish Debbarma                | National University of Singapore, Singapore           |
| Johannes Droschl              | Aarhus University, Denmark                            |
| Xenia Dimitrakopoulou         | Aix-Marseille university, France                      |
| Horace Fusco                  | Duke University, USA                                  |
| Wee Teck Gan                  | National University of Singapore, Singapore           |
| Zhibin Geng                   | The University of Hong Kong , Hong Kong SAR           |
| Armando Gutiérrez Terradillos | Aarhus University, Denmark                            |
| Robin van Haastrecht          | University of Gothenburg, Sweden                      |
| Jungtaek Hong                 | Pohang University of Science and Technology, S. Korea |

| Name                | Affiliation                                                              |
|---------------------|--------------------------------------------------------------------------|
| Alan Hou            | Brandeis University, USA                                                 |
| Aron Heleodoro      | Shanghai Institute for Mathematics and Interdisciplinary Sciences, China |
| Hiroshi Ishimoto    | Osaka Metropolitan University, Japan                                     |
| Kundu Jishnu        | National University of Singapore, Singapore                              |
| Edmund Karasiewicz  | National University of Singapore, Singapore                              |
| Yeansu Kim          | Chonnam National University, S. Korea                                    |
| Oscar Kivinen       | Aalto University, Finland                                                |
| Erez Lapid          | Weizmann Institute of Science, Israel                                    |
| Justin Jia Xuan Lai | Xiamen University Malaysia, Malaysia                                     |
| Jing Feng Lau       | Singapore University of Social Sciences, Singapore                       |
| Jin Lee             | Duke University, USA                                                     |
| Yuchan Lee          | Pohang University of Science and Technology, S. Korea                    |
| Si Ying Lee         | National University of Singapore, Singapore                              |
| Jin Ming Leong      | National University of Singapore, Singapore                              |
| Anlun Li            | National University of Singapore, Singapore                              |
| Huajie Li           | Tsinghua University, China                                               |
| Ning Li             | Nankai University, China                                                 |
| Pengcheng Li        | Tsinghua University, China                                               |
| Yau Wing Li         | University of Melbourne, Australia                                       |
| Chen Liang          | Zhejiang University, China                                               |
| Yanzhan Liao        | State University of New York at Buffalo, USA                             |
| Zixiang Liao        | National University of Singapore, Singapore                              |
| Baiying Liu         | Purdue University, USA                                                   |
| Jianya Liu          | Shandong University, China                                               |
| Chi-heng Lo         | National University of Singapore, Singapore                              |
| Colin Jia Sheng Loh | National University of Singapore, Singapore                              |

| Name                 | Affiliation                                          |
|----------------------|------------------------------------------------------|
| Hung Yean Loke       | National University of Singapore, Singapore          |
| Meijie Lu            | Shandong University, China                           |
| Hengfei Lyu          | Beihang University, China                            |
| Jiajun Ma            | Xiamen University, China                             |
| Mitch Majure         | Johns Hopkins University, USA                        |
| Hoang Nguyen         | University of Wisconsin-Madison, USA                 |
| Yuji Okitani         | University of California, Berkeley, USA              |
| Emile Takahiro Okada | National University of Singapore, Singapore          |
| Toan Pham            | Johns Hopkins University, USA                        |
| Dipendra Prasad      | Indian Institute of Technology Bombay, India         |
| Chuan Qin            | Westlake University, China                           |
| Thomas Rüd           | Massachusetts Institute of Technology, USA           |
| Anwesh Ray           | Chennai Mathematical Institute, India                |
| Eitan Sayag          | Ben-Gurion University of the Negev, Israel           |
| Vincent Sécherre     | Université de Versailles Saint-Quentin, France       |
| Cheng Shu            | Westlake University, China                           |
| Dani Szpruch         | Open University of Israel, Israel                    |
| Yugo Takanashi       | University of Tokyo, Japan                           |
| Yuta Takaya          | The University of Tokyo, Japan                       |
| Zeyu Tian            | Zhejiang University, China                           |
| Joven Jia Xuan Teo   | National University of Singapore, Singapore          |
| Justin Trias         | University of East Anglia, UK                        |
| Cheng-Chiang Tsai    | Institute of Mathematics in Academia Sinica , Taipei |
| Chen Wan             | Rutgers University, USA                              |
| Chuijia Wang         | The University of Hong Kong, Hong Kong SAR           |
| Qiutong Wang         | Zhejiang University, China                           |

| Name           | Affiliation                                 |
|----------------|---------------------------------------------|
| Yiyang Wang    | Kyoto University, Japan                     |
| Zhicheng Wang  | Jilin University, China                     |
| Brian Wen      | Purdue University, USA                      |
| Yixiang Weng   | Zhejiang University, China                  |
| Finn Wiersig   | National University of Singapore, Singapore |
| Chenyan Wu     | University of Melbourne, Australia          |
| Kaidi Wu       | The University of Hong Kong , China         |
| Guodong Xi     | University of Minnesota, USA                |
| Xingyu Wu      | National University of Singapore, Singapore |
| Bin Xu         | Tsinghua University, China                  |
| Bin Xu         | Sichuan University, China                   |
| Haoyun Yao     | Duke University, USA                        |
| Jeff York Ye   | National University of Singapore, Singapore |
| Lingfei Yi     | Fudan University, China                     |
| Peisheng Yu    | University of California, Berkeley, USA     |
| Shilin Yu      | East China Normal University, China         |
| Chong Zhang    | Nanjing University, China                   |
| Hongfeng Zhang | The University of Hong Kong, Hong Kong SAR  |
| Jared Zhang    | Duke University, USA                        |
| Lichang Zhang  | Zhejiang University, China                  |
| Tingrui Zhang  | National University of Singapore, Singapore |
| Weinan Zhang   | The University of Hong Kong, Hong Kong SAR  |
| Chengbo Zhu    | National University of Singapore, Singapore |
| Jiandi Zou     | Harbin Institute of Technology, China       |
